Syzygium australe 'ST1' Opal Maze

Foliage	Evergreen
Form	Oval
Mature Size	3 x 2m
Family	Myrtaceae

OPAL MAZE LILLY PILLY

This is a versatile compact shrub with bright, round, glossy green leaves. With a mature height of 3 metres, this variety grows half the size of 'Pinnacle' or 'Hinterland Gold' and is great for lining walkways and driveways, particularly where some visibility is required. A favourite selection of ours, we are very impressed with its dense, attractive growth.

This is a smaller leaf form of Syzygium australe providing greater foliage volume. Most suitable for hedging and topiary specimens - along paths, garden edges and driveways.

This special selection thrives in a sunny or part shaded position and likes moisture rich soils for best results.
