

Broad selections for hedging

These selections are perfect for ultimate coverage. Trees are full and fat and dressed to the ground.

Waterhousea floribunda 'ST1' **Whisper (syn. Syzygium)**

WHISPER WEEPING LILLY PILLY

This is a great tree for a broad evergreen screen. It has a wonderful weeping habit with narrow leaves and an attractive pinkish-green tone to new foliage. Our selection is bushy to the ground, making the instant hedge a reality. Talk to us now for material from under 1 metre to upwards of 4 metres tall depending on your needs.

Prunus lusitanica

EVERGREEN PRUNUS, PORTUGUESE LAUREL

Otherwise known as Portugese Laurel, Prunus lusitanica is an evergreen shrub or small tree with glossy dark green oval leaves and small white flower heads in spring. It is full and lush and perfect for a board hedge that you can clip to shape. We have good numbers available in 20cm, 30cm, 40cm containers, 50 and 100 litre bags.

Acmena smithii 'DOW30' Sublime™ (syn. Syzygium)

SUBLIME CREEK LILLY PILLY

This is a lovely hardy foliage-feature tree with refreshing lime new growth and dense foliage to the ground. A great option for hedging or screening to around 5m tall. In summer, some white fluffy flowers appear, berry production is unlike other Lilly Pillies, with minimal quantities of small edible deep to light mauve berries that don't stain surfaces if left or crushed.

Arbutus unedo

IRISH STRAWBERRY TREE

This tree has an attractive red stringy bark that exposes the cream-coloured bark underneath. It has white flowers tinged with pink during Autumn and Winter but can flower longer. The flowers look like bunches of little bells. The fruits appear green and then ripen to a bright red and are edible. The dark green leaves have a decorative serrated edge making this an all round beautiful tree.

Juniperus chinensis 'Spartan'

GREEN SPARTAN JUNIPER

This conifer is hardy and relatively fast growing. It has very dark green foliage, an upright, conical habit and produces small, fleshy berries. It is a very dense grower which requires little to no pruning, however, if pruned, responds very well, making it an ideal choice for topiary and hedging.

Photinia robusta

RED LEAF PHOTINIA

This fast-growing, small tree has glossy red foliage which turns green as it matures. It has small white flowers borne in early spring with red fleshy fruit following.
