

## Our service philosophy has always been to offer green solutions

Knowing the reason you are looking to buy a tree is extremely important. Is it to shade, screen, add a focal point to the garden? Is it required on the north side of the house; the south side? West or East?

### **Brachychiton populneus** **KURRAJONG**

For feature foliage it is difficult to go past this variety. Beautiful green foliage and red stems, it is perfect as a single specimen or multiple planting if you have the space. An evergreen tree with a wide canopy once established, it grows 8-12m tall.

### **Arbutus unedo** **IRISH STRAWBERRY TREE**

A smaller tree for smaller spaces, without any compromise on attractiveness. This is a beautiful addition to any garden. An evergreen tree, growing 4-8m tall, it works wonderfully well layered in the garden as a backdrop to smaller shrubs and plants.

## **Eucalyptus sideroxylon rosea**

### **RED-FLOWERING IRONBARK**

For fascinating bark, this is a doozy. An iconic Australian look with crusty dark bark peeling away from a smooth trunk, this feature is best with space as it can grow between 12-20m tall. Best leave this selection for acreage parks and gardens

## **Pyrus calleryana 'Cleveland Select'**

### **CLEVELAND SELECT ORNAMENTAL PEAR**

Pyrus is always a popular selection and Cleveland Select is a great option for many landscaping uses. A deciduous tree growing 8-12m tall, it can be used as a striking feature tree or multiple planted as a group. Makes a fantastic creative screening option along a fenceline or driveway.

## **Ginkgo biloba**

### **MAIDENHAIR TREE**

The oldest tree recorded in the world, the Ginkgo has one of the best looking leaves and foliage of any tree going around! Deciduous and growing 12-20m tall, its beautiful open structure and soft foliage makes a commanding shade tree.

## **Magnolia grandiflora 'Kay Parris'**

### **KAY PARRIS MAGNOLIA (EVERGREEN)**

One of the smaller growing Magnolia grandiflora varieties growing between 4-8m tall, this beautiful tree has so much going for it - wide white open flowers and glossy green leaves with a wavy edge it is suitable as a feature and as a creative hedge.
