

Acer palmatum 'Shindeshojo'

SHINDESHOJO JAPANESE MAPLE

The foliage colour of this Japanese Maple in autumn is amazing! Foliage is reddish-green in summer turning warmer reds and oranges in autumn. Even new growth is a striking crimson colour! Makes a great selection for small gardens and a striking feature tree in any sized landscape. This is a slow growing variety.

With an upright, rounded habit, and stunning foliage colour throughout the year, it is ideal as a specimen or feature tree.

Avoid a location that is unprotected from north or west afternoon sun, or hot winds in summer. Mulch well around the base to keep roots cool. Produces the best leaf colour in partly shaded positions.

Foliage Deciduous

Form V-Shaped

Mature Size 3 x 2m

Family Aceraceae

Small

Deciduous
