

Tree	 <p>Elaeocarpus reticulatus 'Dark Pink Elly' </p> <p>DARK PINK ELLY BLUEBERRY ASH</p>
Description	Elaeocarpus reticulatus also known as Blueberry Ash, is a strikingly beautiful native tree producing masses of white and sometimes pinkish flowers. This new variety is a narrow-growing form suitable for screening or as a feature tree in a tight space.
Foliage	 Evergreen
Form	 Fastigate
Mature Size	4 x 1.5m
Uses	As this species grows half the size of normal Blueberry Ash, it appears to be a clever inclusion for designs that require full foliage cover with mass flowering in a compact space. Great for screens and hedges.
Position & Soil	Works best in a humus rich soil, in a sunny position.
Features	<ul style="list-style-type: none">  Small  Evergreen  Fastigate  Bird Attracting  Coastal  Feature Flower  Formal Screening  Hedging  Informal Screening  Native  Signature Trees  Specimen
