Description Grevillea 'Bon Accord' is an erect to arching small to medium shrub with fine, deeply divided leaves, and bronze new growth. Brilliant bunches of waxy red flowers sit above the foliage, blooming from early spring to late summer. These flowers are attractive to birdlife. Foliage Evergreen Form ♠ Round Mature Size 2 x 2m Uses This grevillea can be used as a specimen planting either by itself or in groups; and as an informal screen or hedge. Position & Soil Preference is for a sunny position or light shade, in well-drained soil. Works well in most soils but prefers a low pH. If using fertiliser be sure to use a native low phosphorus fertiliser. Features ⑤ Small	Tree	Grevillea johnsonii x wilsonii 'Bon Accord' BON ACCORD GREVILLEA
