This is a versatile compact shrub with bright, round, glossy green leaves. With a mature height of 3 metres, this variety grows half the size of 'Pinnacle' or 'Hinterland Gold' and is great for lining walkways and driveways, particularly where some visibility is required. A favourite selection of ours, we are very impressed with its dense, attractive growth.  Foliage  Form  Oval  Mature Size  3 x 2m  This is a smaller leaf form of Syzygium australe providing greater foliage volume. Most suitable for hedging and topiary specimens - along paths, garden edges and driveways.  Position & Soil  This special selection thrives in a sunny or part shaded position and likes moisture rich soils for best results.
