

Tree	 <p>Syzygium australe 'ST2' LILLY PILLY, BRUSH CHERRY</p>
Description	A native Australian tree with green ovate leaves which turn darker as they mature. It produces a dense cover of white flowers followed by red berries which are edible. This is a Lilly Pilly ideal for screens and hedges as it can be shaped. There is a glossy sheen to the leaves and foliage growth.
Foliage	 Evergreen
Form	 Round
Mature Size	8 x 6m
Uses	Can be used for screening. It has edible fruits. Can also be used as street trees or in parks as an ornamental tree.
Position & Soil	Tolerates most soils in a full sun to part shade position. Prefers moist well drained soils. Responds well to pruning.
Features	 Medium  Evergreen  Round  Coastal  Formal Screening  Hedging  Native
Pot sizes in production
