

Eucalyptus leucoxylon connata

YELLOW GUM

This native tree has a medium to fast growth rate with a broad habit. It has rough bark at the base of the trunk and smooth, cream streaked with grey bark on the upper limbs which sheds. Narrow green leaves offset the beautiful, showy cream, bird attracting flowers from late Autumn to Spring.

A great feature tree for a medium to large garden. Great habitat for insects and attracting to birds. Can be used in parks and streetscapes.

Prefers moist soils in a sunny position.
