

Koelreuteria paniculata 'Coral Sun'

CORAL SUN RAINTREE

This deciduous variety offers lovely autumn colour with a fan-shaped crown for shade in summer. The young branches are an intense orange-red colour and new foliage begins with a bronze tinge. Branches later turn light yellow-brown and the leaves yellow-green.

This tree makes a great specimen tree due to its colourings providing year-round interest to landscapes and streetscapes. Great for any sized garden.

This tree grows best in full sun. They are relatively drought-tolerant and perform well in most soil types.
