

Magnolia x soulangeana 'Royal Purple'

ROYAL PURPLE MAGNOLIA (DECIDUOUS)

This small deciduous tree has large glossy green leaves that hang from the branches. The brilliant large purple flowers appear in the late winter/spring before the leaves. The colour of the flower contrasts well with the dark branches. This magnolia adds stunning early spring colour to your garden.

A great feature tree for the small or large garden. Great winter/early spring colour. Can also be used in parks and landscapes.

This magnolia prefers a moist, deep soil in a full sun position for best growth and flowers. It can tolerate a wide range of soils
