

## Ulmus parvifolia 'Red Emperor'

### RED EMPEROR CHINESE ELM

This is a small to medium-sized Elm tree with small glossy green foliage that turns a multitude of burgundy-red colours in autumn. It is often referred to as semi-deciduous, as leaves can hold on branches until late winter. Its trunk is an attractive, mottled mix of cream, brown and grey in colour. Its form is V-Shaped with a weeping habit.

Chinese Elm is a great deciduous selection for streetscapes, parks and gardens.

Tolerant of most soils. it prefers a humus-rich soil in full sun or part shade.
